				<p>successfully securing external challenge funds. As all active travel work is currently reliant on securing external funding, therefore the projects which are progressed are those which can successfully secure external challenge funding.</p> <p>Argyll and Bute Active Travel Strategy: Officers are working to develop an Argyll and Bute Active Travel Strategy and present it for Council by summer 2024. The Active Travel Strategy would provide the overarching context for the Council to support and promote active travel across the Council area. Having an adopted and current Active Travel Strategy is increasingly becoming a pre-requirement to access Scottish Government derived active travel funding.</p> <p><u>Active Travel Delivery Plan:</u></p>

ACTION	LEAD (L) AND PARTNERS	TARGET or MILESTONE	FUNDING	COMMENTS
				<p>Following approval of Active Travel Strategy, an Active Travel Delivery Plan will be developed to create a prioritised list of active travel projects for the whole of Argyll and Bute.</p> <p>Active Travel Projects: The majority of external funding available is provided by the Scottish Government via a number of third sector organisation who are paid to administer these funds. The focus for Scottish Government Active Travel funding is to develop and deliver infrastructure projects and associated behaviour change. As such, the focus for the very limited staff capacity in the Active Travel Team has been to develop and deliver infrastructure projects across Argyll and Bute with a focus on our main towns and locations</p>
