Q1 2023/24

Performance & Activity Report

From: 1st April 2023	To:	30 th June 2023
----------------------	-----	----------------------------

Introduction

Welcome to the Scottish Fire and Rescue Service Community Board Performance Report. This performance report is designed to provide citizens, stakeholders and partners with information relating to Community Board based activity undertaken by the Scottish Fire and Rescue Service.

Whilst using historic statistical benchmarking data, consideration must be taken of the somewhat random nature of fire related incidents and events, and how this can pose difficulties in interpreting emerging patterns and trends. This is of specific relevance where Community Board level data is analysed due to the relatively small number of actual incidents/events that occur in Community Board areas.

However, regardless of statistical anomalies, emerging patterns and trends in fire related incidents and events can assist the Scottish Fire and Rescue Service and Community Planning Partners plan and implement preventative intervention initiatives to target reducing fire related incidents and events.
