Good Afternoon

Thank you for your email.

I would advise that you report the loud noise to Police Scotland when ongoing. An incident would be raised for your attention to speak to the staff regarding the noise.

Regards

Subject: Ongoing noise nuisance from pub door

Details of query: An ongoing noise nuisance from the pub previously reported via 101 is showing no sign of improvement. Loud music is being played from the pub door, next door, from 21.00 hrs onwards. The noise is particularly disturbing at night but is also disturbing during the day.

I politely approached the pub manager at 22.45 hrs asking for the music to be turned down. The response was as usual that I was barred from the pub on the instructions of the manager. The reason given in order to have this conversation the manager asked me to switch off my mobile phone as I was in a zone where we were standing.

I await reply from Environmental Health who has already been contacted.

As I am now barred from the pub I am unable to provide any further advice and help on how to deal with this problem.

Did you try and contact the pub manager? Yes
