#### 4.0 CONCLUSION

- 4.1 Discussions have started on the Levelling Up Partnership at an officer level following award of funding during the Autumn Statement. A provisional long list of projects has been shared with the UK Government as a starting point for initial discussions and this list is being refined through this process. Other projects may also emerge as the process is implemented.
- 4.2 It should be noted that the UK Government will lead on the Business Cases and the final project(s) are to be selected by September, by the Secretary of State. As further details emerge of the Levelling Up Partnership process members will be informed and it is intended to update members at the next Environment, Development and I

## 5.6 Climate Change
