### Corporate Outcome - Our Economy Is Diverse And Thriving

Business Outcome BO110: We support businesses, employment and development opportunities

a) Significant resource requirement to administer a range of Covid related Business Support Grants which required redeployment of staff in Revenues and Benefits and Internal Audit and created increased pressure on Creditors and Treasury.6 15 (r)14..8 (e)-6e427 (ry.6 19 (re)-0

b) We asked what could be done to reduce the numbers of people relying on foodbanks for support during the pandemic. Foodbank providers advised us through the Argyll and Bute Community Food Forum that more welfare rights and fuel poverty related support and advice e for people with food insecurity attending the foodbanks would be beneficial.

We setup the new Argyll and Bute Flexible Food Fund which incentivises people in hardship to get this professional advice by making two monthly payments to families, the first one before the referral is made for professional support and the second one after the support has been delivered. This maximised engagement and helped find significantly more benefits for families in hardship.

There is evidence that the number of families and single parent families that rely on support from foodbanks is reducing.
