Our Off-Track Performance Indicators

Indicator Ref: DEG104_01 [PR104_01]-Increase the % of broadly compliant food businesses as a result of our enforcement interventions (EH-Programme Interventions with Business)

Trend	Target	Actual	Owner	Commentary																		
	85.0 %	84.8 %	Alan Morrison	Due to work targeting medium risk premises and unrated premises in Q3 the total number of premises which were broadly compliant increased by 4 premises but there are an additional 46 premises on our database. The % of broadly compliant premises in Argyll and Bute in Q3 is 84.8 % and reduction in 1.8% from Q2 and just below our 85% internal target. This figure varies considerably and reflects the outcome of inspections, condition of food premises and also can vary due to number of premises. It should be noted that premises will fall into and out of broadly compliant for various reasons, which are out with the services control. This however, impacts on the level of enforcement actions required.
